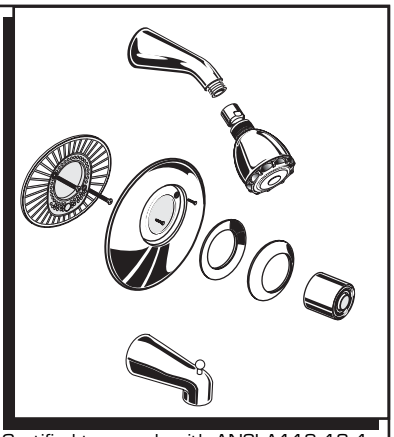
T335.000
T332.000
T331.000



Certified to comply with ANSI A112.18.1
U.S. Patent No. D403,750

M968384 Rev. 1.1

Congratulations on purchasing your American Standard faucet with EverClean finish found only on American Standard faucets.

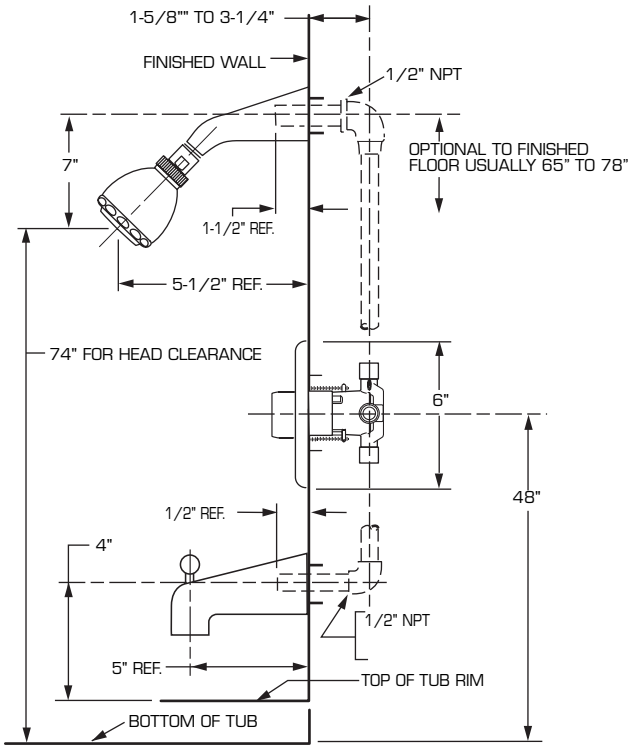
EverClean Finish

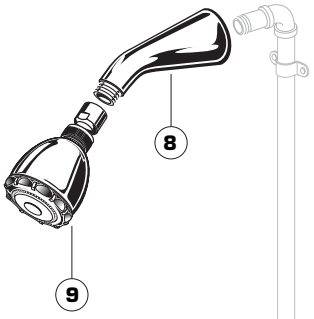
- One wipe effortlessly removes spots
- Eliminates the need for cleaners and scrubbing
- Permanent surface protectant remains beautiful for the life of the faucet
- EverClean™ available on: Polished Chrome, Satin Nickel, Stainless Steel, Polished Brass (or any combination of these finishes)

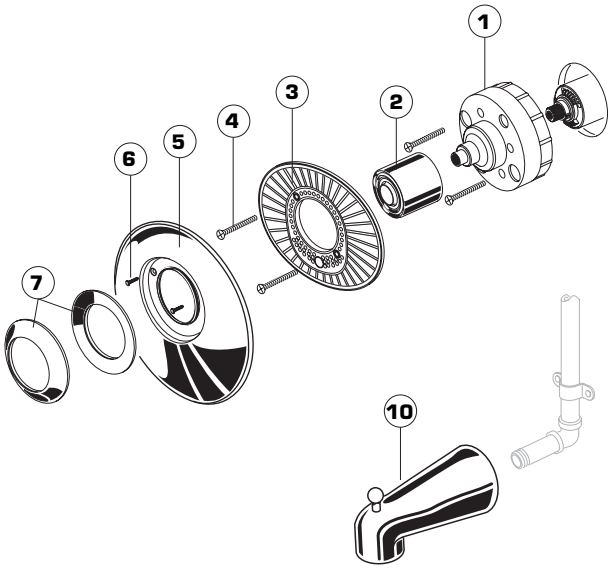
To ensure that your installation proceeds smoothly-please read these instructions carefully before you begin.

ROUGHING-IN DIMENSIONS

To assure proper positioning in relation to wall, note roughing-in dimensions.





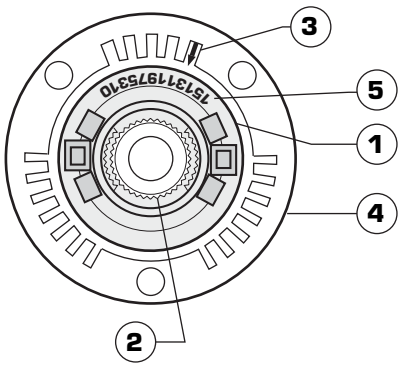


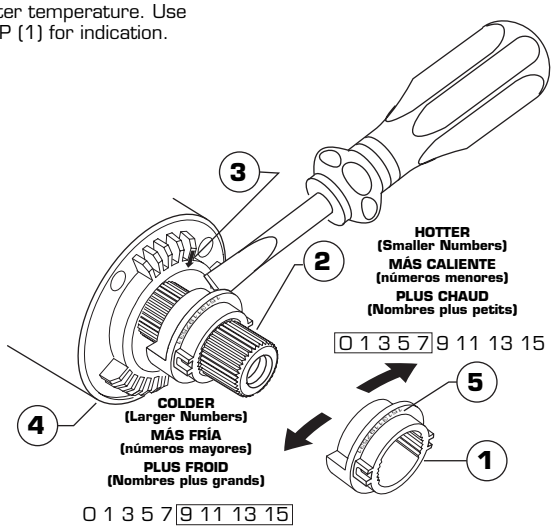
1 INSTALL TRIM

- Remove PLASTER GUARD (1).
- Push CAP (2) on valve, place ESCUTCHEON HOLDER (3) and attach with LONG SCREWS (4).
- Place ESCUTCHEON (5) and attach with SHORT SCREWS (6).
- Choose one of the DECORATIVE RINGS (7) and push it onto CAP (2).
- Install HANDLE. **See separate "Instruction Sheet"for assembly of handle.**
- Install SHOWER ARM (8), SHOWER HEAD (9) and DIVERTER SPOUT (10).
- Check proper operation of HANDLE and DIVERTER SPOUT (10).

2 ADJUST HOT LIMIT STOP

- By restricting HANDLE rotation and limiting the amount of hot water allowed to mix with the cold, the HOT LIMIT SAFETY STOP (1) reduces risk of accidental scalding. To set the maximum hot water temperature of your faucet, all you need to do is adjust the setting on the HOT LIMIT SAFETY STOP (1).
- Turn CARTRIDGE STEM (2) to the OFF position (coldest setting) before making adjustment to HOT LIMIT STOP (1). Use a flat blade screwdriver to pry free the HOT LIMIT SAFETY STOP (1). Pull forward and rotate counterclockwise one number to limit hot water temperature. Use ARROW (3) on CARTRIDGE (4) and NUMBERS (5) on HOT LIMIT STOP (1) for indication.





3 EverClean™ Finish Care Instructions

American Standard's EverClean finish will wipe clean with a soft, dry cloth. A soft cloth with clean water may also be used, if desired. No additional cleaning products are required.

DO NOT USE: Soaps, acid, polish, abrasives, harsh cleaners, or a cloth with a coarse surface.
